Creating Quizzes in Learn & Google Forms

UNM Language Learning Center

Friday, April 6, 2018
12:00 - 1:00
Lab 6

Karol I. Zetter, Department of Spanish & Portuguese

Do you have a large class? Do you need to implement a mechanical activity that helps to master certain concepts? Do you also want some assignments to be automatically graded?

This presentation offers an overview on how to maximize your use of Google Forms, Blackboard Learn tests, surveys and questions pools as well as Respondus. The presentation will cover different tools that help you create assignments, surveys, opinion polls and tests.
